About us

Vision:

To be a leader in soccer development through searching, identifying, nurturing and developing soccer talents among youths and giving them opportunities to exploit through professional coaching.

Mission:

We are committed to providing quality coaching and support that promotes teamwork-based player, self-esteem and encourage skill development.

Value:

Our core values are: sportsmanship, teamwork, character, re-spect, integrity, commitment and leadership.

Our Weekend Training Program

Express soccer academy's coaching runs weekly (on Saturday morning and Sunday afternoon). The coaching sessions are programmed to meet every player's skill level. Sessions are run by professional coaches who are used to working with, and bring out the best in children.

The coaches develop self-confidence and self-esteem through encouragement and positive reinforcement. All children are catered for, from the absolute beginner to the more experienced players right from Under 5 to Under 20.

Training sessions are structured to coincide with school terms and run for 10 - 12 weeks. The courses are normally split in age groups, with each group session lasting for about 2 to 3 hours as indicated in our training curriculum.

It is possible for a younger, but more advanced, player to participate in an older age group to help improve their skills. Each sessions includes a number of competitions, tactical and technique trainings, both individual and team, to help develop the skills and ability of each individual player, and the overall performance of the team and the academy.
